

TIKILIVE CHANNEL MANAGEMENT DIGITAL SIGN SOLUTIONS

TikiLIVE Channel Manager Digital Signage solution can be used virtually everywhere. Retailers may now coordinate the daily or weekly specials with the on-screen messaging in the store or kiosk.

Use your network of in-store TVs to promote "what's new" and coming up. Build a satellite network of digital TVs to entertain and advertise movie trailers or feature films. Fast food operators can now easily program digital menu boards to motivate sales and educate the viewers on nutritional information.

Use plasma screens to display at the checkout counter to inform customers on sales and entertain customers while waiting in line. Every location such as your local bank or your doctor's waiting room instantly becomes readily available high traffic locations ready to host a digital display network.

They inform, educate, entertain and promote products and services relevant to any venue.
