

# TikiLIVE White-Label STB

TikiLIVE STB includes a fully featured and integrated modular software stack. For service providers that have existing infrastructures, whether broadband, fibre, or terrestrial, the TikiLIVE STB allows you to leverage that investment and exploit new opportunities with a low cost and time on integration.

Build with latest technologies, sporting a compact yet beautifully simple design, the TikiLIVE STB can integrate easily in any IPTV based network with future expansion in mind, as support for CLOUD based computing, HTML 5 and CSS 3.0, full 1080p, and an extendable IR receiver means that the TikiLIVE STB can be placed anywhere for any use.

# Features

Features
DLNA Support
ARM CORTEX A9*2, frequency is 1.2-1.5 GHz, RAM is 1G, built in 4G flash memory (optional)
Powered by Android 4.1 OS
RJ45 10/100M Ethernet interface
Support 1080P video local media playback from SD card or USB HDD
Build in 802.11 b/g/n WiFi module with antenna inside
Wired internet connection (Rj45)
HDMI video output, connect to HDTV for HD video playback
CVBS output for old TV
2 external USB interface, support mobile HDD, support mouse and keyboard operating
Support weather, calendar, and desktop clock gadgets
Support USB mouse and keyboard operation
Support simple IR remote control with mouse function
Support Flash Player 11, online video playing
Support music player, picture player and more family entertainment
Support Micro SD card
Support Google Chrome browser
AppInstaller for application installation from USB/SD

# Specifications

System	
CPU	ARM Cortex A9*2, Mali 400*2
Frequency	1.5GHz
RAM	DDR3-1G
Storage	NAND 2GB-32GB
OS	Android 4.1
UI	Android 4.1 system and Media launcher
Browser	Google Webkit based native browser
Media Player	Local video playback: MPEG 1/2/4, H.264, VC-1, WMV, AVI, MKV, MOV
Online Video	Access to internet, online video playing
Music	MP3, WAV, WMA music playback
Online Music	Access to internet, online music playing
Picture viewer	Support multi formats: BMP, JPG, TIF, PNG, GIF
Software update	Support SD card for software update
External storage	TF/SD card, USB storage support

Interface Definition and Parameter	
USB	Support 2 external USB HOST
SD Card	1 X Micro SD Slot
Rj45	Wired internet connection
HDMI	HDMI 1.4 output
Remote Control	IR remote with navigation keys
Voltage	5.0V/2A DC

Dimension	
Resolution	1920 * 1080, 1280 * 720
Product Size	130mm(L) * 130mm(W) * 17mm(T)
Weight	450g
Power Consumption	4 Watts
Remote Distance	8 Meters Visual

## System Requirements

System Requirements
TV with HDMI in
For WiFi Router with preferrably N support at least G support
